PERMISSION FOR DRUG TESTING

(For grade 6 and above)

We believe a healthy educational environment is a drug-free environment. Our philosophy at Brent International School Manila centers on prevention and education with regards to the use of drugs, tobacco, and alcohol. Further, we believe the majority of our students choose not to use these substances, and we want to reinforce those positive decisions whenever and wherever possible.

We also recognize, however, that teenage peer pressure can be profound. We therefore believe strongly in an education and detection system that enables our young people to stay drug free throughout their years at Brent and beyond. To assist our students with their decisions and to enable them to make positive choices where drugs are concerned, we will conduct random urinalysis of our students from time to time. We ask your cooperation as a parent in consenting to these tests when we deem them necessary and when your child is selected. Parents will be notified of the results of all urinalysis testing.

Our intention for students who test positive is that drug treatment / intervention will be provided. Subsequent positive tests after rehabilitation, however, may be grounds for dismissal of that student from Brent. Refusal to sign this permission document by the parent may also constitute grounds for dismissal of the student from Brent International School Manila.

I give Brent International School Manila permission to conduct drug tests (urinalysis) as they deem necessary.
